Our chapter last hosted the Global Reunion in 2005. It was a great success with over 400 old boys, family, and friends from all over the world attending.

The organization committee is hard at work to make the 2014 Global Reunion an even more rewarding experience for all attendees, and we need your support! If you have any suggestions, ideas, or questions, please contact the Global Reunion 2014 organizing committee at gr2014@lscobasc.org.

As details of the events are finalized in the coming days, they will be posted to the LSC Old Boys Global Reunion 2014 web page <http://www.lscobasc.org/gr2014/> and on the LSCOA Southern California Chapter Facebook page <https://www.facebook.com/groups/lscobasc/>. Please check on the pages regularly or subscribe to updates to make sure you receive the latest news on the Global Reunion.

We are sons of La Salle everyone
And no matter where we go
High aloft her flag we will hold
And strive that her fame may grow

2013 New Year's Eve Dinner

Philip Wong (1967)

Toronto Chapter welcomed New Year with a Great Party

The Toronto Chapter held its annual New Year Eve Dinner (NYED) party at a new venue – Mong Kok Chinese Restaurant in Markham. The planning for this year's party faced a major challenge in moving the venue from a proven location to an untested one. However, our La Salle spirit prevailed with "hearts to conquer every ill". The identified problems were eventually solved with co-operation from the staff and owner of the restaurant and a lot of hard work from the organizing committee chaired by Felix Leung (1985) and Peter Chan (1972), assisted by Dr. William Chan (1969) Chris Fong (1993), Kevin Kwok (1988), Stephen Leung (1963), Dr. Thomas Tam (1963), Paul Wong (1973) and Albert Ho (1952).

We ended up hosting a great Party for 38 tables of old boys, their families and guests as well as honoured guest from various joint school alumni in Toronto. Kevin Kwok and Chris Fong served as our capable MC's. As usual, our in-house Synergy Band, led by Peter Chan and Paul Wong, played fantastic and danceable music for ballroom and line dancers. Dr. Thomas Tam led the line-dancing program and the dance floor was full all the time.

The feedbacks on the party have been positive and I would like to share some of them below:

"Those LaSalle boys know how to throw a party!"

Comment from first time attendee of NYED: "good food and setting and where did you hire that music band with professional level?" – congratulations to Synergy Band.

"My kudos to the NYED organizing team for such a successful event! This is one of the best NYED dinners I attended – good food and service, excellent live music performed by our talented old boys, and of course, great company from all of you and the guests, just couldn't ask for more....."

We are humbled by those comments and felt our hard work has been rewarded. I would like to thank everyone who contributed to the success of NYED, especially those that donated prizes for the lucky draws as many of our guests left with smiles on their faces to start the New Year.

Happy New Year everyone and see you at NYED 2014.

La Salle College 1st in the 50th Hong Kong Schools Dance Festival

The La Salle College Jazz Dance Trio won the Honours Award (1st Place) at the Hong Kong Schools Dance Festival on Sunday night, for their dance, 'Stand Up'. The College Dance Instructor, Mr Kwong, won the Choreography Prize for the Section. The judges commended the boys for their choice of music and their theme and how effectively they used music and dance to communicate a wonderful theme.

La Salle College Excellent Science Focus Inspection Report

La Salle College had a Science Focus Inspection by the EDB from Nov 4-6, 2013. The inspectors Mr LO and Mr LAI were very impressed with the students, the teachers and the quality of teaching and learning of science. They mentioned the boys were extremely well behaved, motivated, interested, focused, and enthusiastic in their learning – “Students performance is very good in both learning attitude and examination results”.

In regards to teaching and learning the inspectors wrote:

“There are a number of learning activities conducted by individual subjects to nurture students interest and abilities in learning science, such as workshops promoting interest; project work for the cultivation of inquiry thinking and process skills; practical tasks for strengthening practical skills; and the training of elite students for external science competitions. Teachers are committed to identifying students learning difficulties after each examination. The evaluation of performance data is used to help students improve”.

The one recommendation was to continue to encourage boys questioning in class - cultivating inquiry.
