

Dear Fellow Old Boys,

Greetings!

Let me begin with a most pleasurable task of informing you two pieces of delightful news which some of you might already know.

Firstly, two of our most distinguished Old Boys and Past Presidents, Mr. A de O Sales (Sonny) and Mr. Nicholas Ng, the Alternate Supervisor of LSC, were honoured with "Affiliation to the La Salle Brothers" during the visit of the Superior General of the Lasallian Institute worldwide, Brother Alvaro Rodriguez Echeverria, to Hong Kong in March. This is a very rare honour bestowed on only a highly selected few for their significant and life long contributions to the Lasallian Community and the community at large. On a lighter note, in explaining the title of "Affiliation to the La Salle Brothers" which can be quite a mouthful, one of our Past Presidents whose identity shall remain anonymous for reasons obvious, has affectionately dubbed Sonny and Nicholas as our "Ai-Ya Brothers"! Read more about the awards in other sections of this newsletter and Brother Alvaro's

impressions of his visit to Hong Kong on our website.

Secondly, there is more good news from the school's soccer teams. After being crowned the C-grade Champion, the school's soccer teams have also captured the Overall Champion in the Inter-school Soccer Competition 2009-10, a crowning glory last attained ten years ago. Befittingly, during the visit to and training session at the La Salle College soccer pitch on 19 May by the South China Athletics Association Football Club ("SCAA"), the reigning League Champions, Mr. Steven Lo (Chairman of SCAA Football Management Committee), Mr. Kim Pan Gon (Head Coach) and Mr. Li Hai Qiang (Captain of SCAA) presented our school team with the Champion Shield of the Inter-school Soccer Competition. We look forward to more exchanges between the school teams and SCAA in future.

Some years ago, I came across the following excerpt from the 1957 Silver Jubilee Lasallite: *An unflinching source of inspiration to a La Salle Old Boy is the integral loyalty to the past: the silent and deeply personal fidelity in daily conduct to the La Salle ideal - the allegiance of a man to the pure vision of life formed in boyhood years, an allegiance which no adversity can shake.* I have kept this with me as an inspiration for the best and worst of times since.

La Salle Old Boys are often viewed as a special bunch, we are "something more", fiercely loyal and with unique camaraderie. But what is the meaning of loyalty in the Lasallian sense? It should mean more than singing our school song whenever we gather or go cheering for our boys in inter-school competition once in a while. Loyalty to La Salle is a love and commitment, a love of our Alma Mater expressed in actions in our daily lives but especially when La Salle is in need. Loyalty is while we celebrate the great achievements of La Salle and we are the fortunate beneficiaries, we unwaveringly do our own if smaller part to advance these accomplishments. Loyalty is the countless acts of love and kindness in support of La Salle of which some are particularly commendable when they have no witness and are unrecorded. Loyal Old Boys must not just accept but practice and protect the La Salle

ideals in the spirit of "Faith, Zeal and Community".

Lasallians are of strong if varied convictions and beliefs. We argue and debate our differences often and vigorously but when all is said and done, we come together as an indivisible group and pledge our allegiance to not just our College or the Association but to the ideals La Salle represents. If you find faults with this Association, make it a better one by joining its ranks and work to correct them. I believe there is commonality in our aspirations however varied and there is more convergence than differences. Indifference and contempt are our biggest enemies but the cynical and the indifferent know not of what they miss. Hence, I challenge each and every Old Boy to spring to action to make our loyalty to La Salle a greater cause than self, and in the process, make the Association, the College and our community a better place for all.

When you read this, I should be in the San Francisco Bay Area attending the 2010 LSCOPA Global Reunion, probably the last function in my official capacity as President before the AGM which is scheduled for Friday, 23 July 2010. My current term as President is drawing to a close, it is my third and definitely last. It's often said that being the President of OBA these days is like having a second full time job, it certainly felt that way at times but love knows no labour. Please allow me to take this opportunity to express my gratitude to all members for their opinions, trust and support; to the Committee Members and ad hoc committees for their time, effort, sacrifices and an all around good job during the past three terms; and to my wife, who regularly reminded me of the last sentence, and family for their understanding and patience. May the next administration be blessed with even more of the same. Thank you!

Yours in de La Salle,

## *Visit to Hong Kong by Rev. Brother Alvaro Rodriuez Echeverri, Superior General of the Christian Brothers and the "Affiliation to the La Salle Brothers" of A de O Sales and Nicholas Ng*

Brothers, full & alliliated

Reverend Brother Alvaro, Superior General of the Christian Brother and Lasallian Institute Worldwide last visited Hong Kong in 2003 and after seven years, returned to the territory in March this year accompanied by Brother David Hawke, Brother Superior of the Asia Pacific Region. During his stay in Hong Kong, Bro. Alvaro, together with Bro. David Hawke, paid a visit to La Salle College and attended the reception dinner hosted by the College in his honour on 25 March.

The dinner, held in the school hall, was attended by hundreds of guests including Christian Brothers in the Penang District (which includes Hong Kong, Malaysia, Singapore, Vietnam and Philippines), principals, teachers, parents and students from all Christian Brothers schools in Hong Kong.

A short variety show performance by students of various Christian Brothers schools was followed by one of the highlights of the evening, the citation presentation of "Affiliation to the La Salle Brothers" by Bro. Alvaro to Mr. A de O Sales (Sonny) and Mr. Nicholas Ng, our alternate School Supervisor, for their significant and life long contributions to the Lasallian community and the community at large. The "Affiliation to the La Salle Brothers" was bestowed to only a highly selected few over the world, over the years with Sonny and Nicholas, two illustrious Past Presidents of the Association, the only recipients in Hong Kong.

## *Letter From Superior General of the Christian Brothers to Lasallians*

Brother Alvaro Rodríguez Echeverría, Superior General of the Christian Brothers has sent a letter to the Hong Kong Lasallian Family following his visit in March 2010. Brother Patrick Tierney, Director of La Salle Brothers of Hong Kong introduces the message:

Dear Lasallian Alumni,

We are indeed delighted to receive the letter below from Brother Alvaro, our Superior General. He reflects on his recent visit to Hong Kong, reminds us of the highlights and of the exciting challenges we face. May his letter be our inspiration and guide as we move forward in the spirit of Faith, Service and Community.

With every good wish,  
Brother Patrick

Rome, May 13, 2010  
Lasallian Family  
Hong Kong

Dear Lasallians

Fraternal greetings as I recall the many fond memories I have of my visit in March to Hong Kong; a “Lasallian city.” The festive dinner held at La Salle College, Kowloon, gathered together representatives of all who take great pride in being Lasallian. During that event I met Brothers, teachers, administrators, supervisors, parents, students, old boys, Lasallian Educational Council members, representatives of Boards and parent teacher organizations, benefactors and affiliated members, all of whom left me with a lasting impression of the vitality of the Lasallian family in Hong Kong.

Mindful of its origins when the Lasallian seed was planted by the missionary Brothers many years ago the Lasallian Family has grown and developed admirably and now finds its expression in quality Lasallian schools responding to specific needs of students, not only from Hong Kong but also from mainland China. The Lasallian educational mission in its schools witnesses a vast number of dedicated people who as administrators, teachers and other staff touch hearts, teach minds and transform lives daily.

As I commented during my visit; while the buildings that constitute our schools are important, it is people and the relationships between them that are most important. We inherit from St John Baptist de La Salle, our Founder that beautiful quality of being “brothers” and “sisters” to one another and especially to the young people entrusted to our care. May all, who daily meet the students in the schools, keep as a top priority relationships with the students as they carry out their professional responsibilities.

The collaboration between the Brothers and Lasallian partners at all levels but especially in the governance and management of the schools is indeed a hallmark of the Lasallian educational mission in Hong Kong. It is a sign of hope in the future that Lasallian partners are accepting responsibility as supervisors and administrators of the schools.

The outstanding dedication, loyalty and commitment of the old boys to their alma mater and the Brothers within Hong Kong and beyond is impressive and indicative also of the vitality of the Lasallian family.

Our mission would not exist were it not for the students and their parents who enroll and seek to enroll their sons and daughters in Lasallian schools. To meet the students at De La Salle, Fanling, representatives of the students of all the schools at the celebratory dinner and engage with the Lasallian youth was one of the highlights of my visit and has left a lasting impression on me. The young people embrace the values of Faith, Service and Community. To the young people I extend my warm greetings.

Over a number of years now you have participated in a variety of Lasallian formation programmes at the local level and in the Pacific - Asia Region. You have built upon these experiences and contextualized them. In the international assembly on the Lasallian Educational Mission, held in Rome in 2006, formation was the first priority recommended by the Delegates for the Institute. Thank-you for making it your priority.

All families have their challenges and the Lasallian Family is no exception. Recently you have welcomed Brothers from other countries in PARC to work or study in Hong Kong. A challenge I urge you to take up is the promotion of vocations to the Brothers' life and other Lasallian vocations as determined by the 44th General Chapter in 2007.

Another challenge is to reflect on what are the new realities of poverty, not only in your city, but in the international arena and how do you respond and educate young people to respond.

During my meeting with the Lasallian Education Council I announced that the Institute sees the Lasallian mission in mainland China as a priority building on the work commenced by Brother David Liao. I was pleased to hear of a number of initiatives proposed to further develop a Lasallian outreach to the mainland. In association with the imminent inauguration of the Lasallian East Asia District and the PARC Region I encourage your ongoing involvement in this important venture for the Institute. This is a challenge which I am confident the Lasallian Family in Hong Kong will continue to embrace. In few days on 15th May we will celebrate the feast of our Founder, St John Baptist de La Salle. On this day I remember in prayer the Lasallian Family throughout the world and I will pray for you in appreciation for that great Lasallian vitality you expressed during my visit and asking God's blessings on you and your mission.

Fraternally in St John Baptist de La Salle

# LSCOPA & SMPSA *Joint Happy Hour Gathering*

After the 'long' Easter holiday, everyone has been busy catching up with their lives, work and numerous emails..... What can top this up better than a pint

of chilled beer or a glass of white-wine spritzer after the whole week of work? Joint Happy Hour with St. Mary's Past Students' Association(SMPSA)!!!

Being the first-ever joint association gatherings among St. Mary's Canossian College alumnae and La Salle Old Boys, the Easter Happy Hour was jointly organised by LSCOPA and SMPSA on 16 April @ the Club Lusitano, Central. The night picked up at around 7pm, as many new faces crossover with familiar ones. Both SMCC alumnae as well as our Old Boys joined together for a nice causal chat with a glass of fine wine in hand. The peak period of the night fitted

around 60-odd people in the club, and the background music was mixed with all the energy, laughter and conversations by the lot - putting all work behind and simply enjoying the atmosphere, wine and most importantly - the 'Happy Hour'. Some of us even stayed behind at the Club for a proper traditional Portuguese dinner!

We look forward to seeing you at the next Happy Hour!

## Heritage Walk - Stanley Internment Camp and Military Cemetery

The OBA organised a Heritage Walk to Stanley on 17 April. The group was blessed with relatively cool weather considering it was April, and also honoured to have Geoff Emerson to lead the walk. Geoff is a historian who specialises in the history of Stanley Internment Camp and wartime Hong Kong, and he has also published a book on the subject in 2008.

then proceeded to St Stephen's College to visit the school's heritage collection. Geoff also shared on the school's history, including the Japanese attacks on the school grounds.

Then at the school chapel, where among other sharings, Geoff pointed out the features contained in a beautiful stained

death of Edward Filomeno Hyndman, a student of LSC, and who lied about his age so that he could join the VDC in defence of HK. The car he was travelling in was hit by a Japanese bomb on 20 December near Magazine Gap Road, and after being mortally injured, he died of his wounds on 31 December 1941.

At the close of the visit, Brother Jeff led the group to pray around the grave of Hyndman, and flowers were offered to all our deceased brothers. Several of the participants had time to spare, and they drove to Sai Wan Military Cemetery, where the names of another dozen Lasallian (teachers and Old Boys) War Dead were located on the commemorative walls, and the participants again offered the War Dead prayers and flowers.

The visit was an eye opener for all, and the participants greatly appreciated the circumstances of the War, and the effort and ultimate sacrifices our Old Boys made almost 70 years ago. A number of participants asked if the OBA could organise more similar walks, and the committee is now considering new walks for later in the year.

*Note: The OBA is currently working on a detailed research of the War Dead Lasallians in Hong Kong, including Old Boys and staff of St Joseph's College. Anyone who is interested in taking part and offering some time on this project, please contact Mark Huang at [heritage@lscoba.com](mailto:heritage@lscoba.com), or via the OBA Office at 2336 2985. No prior experience required, just an interest in the subject will more than suffice.*

*Grave of Edward Filomeno Hyndman*

The attendees consisted of some 16 Old Boys and friends, together with Brother Jeff Chan, who recently joined the Hong Kong La Salle College Brothers' Community. The group first received an overview of the visit and some description of the Japanese attack on Hong Kong. Then the group proceeded to the Stanley Internment Camp grounds, and Geoff gave detailed descriptions of the life in the camps.

The Internment Camp was used to confine the majority of western civilians in Hong Kong after the colony governor Sir Mark Young surrendered on Christmas Day 1941. Geoff also showed us where each nationality congregated, including the apartments where two American La Salle Brothers were likely interned for several months in early 1942, before being sent abroad for exchange.

After lunch at the Officers' Club, the group had 30 minutes free time to visit the Correctional Services Museum, and

glass window, which commemorates the internment. All participants were very impressed with the efforts the school has made to preserve its rich history.

Then the group made their way to the Stanley Military Cemetery. There are almost 600 burials that relate to World War II deaths there, of which at least four of those are LSC Old Boys: Peter and Albert Ulrich, Manuel Heleodoro Ozorio and Edward Filomeno Hyndman.

After hearing Geoff's sharings on a handful of graves on the cemetery grounds, the group moved to the section of the cemetery which contained the HK Volunteer Defence Corps graves. At that point, Elden Lai (82), who has been carrying out research on the War Dead of Lasallians for some years, offered an overview of each of our four War Deads, in front of each man's graves.

As if by divine guidance, only a day before the visit, Elden discovered new information on the circumstances of the

## Past Presidents' Dinner

It has been an over 30 year tradition of the Association to organise two Past Presidents Dinners ("PP Dinner") for each term. To accommodate the busy schedules of Past Presidents ("PPs") and current committee members alike, it was resolved last year to instead hold one PP Dinner for each term and the date was set as the Friday of the week of the Feast Day of our Founder, St. John Baptist de la Salle, which is 15 May.

The PP Dinner, held on 14 May at the Aviation Club in the old Kai Tak Airport, was attended by some thirty Past Presidents, present committee members and honoured guests including Bro. Patrick, Bro. Alphonsus together with Mr. Wong Yen Kit and Bro. Steve Hogan, the Principal and Principal designate respectively. The dinner this year had a few added dimensions: firstly, we bid farewell to our Principal, Mr. Wong, who will be retiring this summer after some 36 years of dedicated service to La Salle. Mr. Wong gave an emotional farewell speech upon receiving a commemorative plaque from the Association presented by Bro. Patrick. Secondly, we welcomed Mr. Wong's successor, Bro. Steve from New Zealand who talked about his impressions of the College, the students and Hong Kong in general after spending a month here. He remarked that he was particularly impressed by the solidarity amongst the Old Boys and their closeness with the school in probably

his first ever speech in Hong Kong! Thirdly, we celebrated the "Affiliation to the La Salle Brothers" of A de O Sales (Sonny) and Nicholas Ng. "Affiliation to the La Salle Brothers" is a rare honour bestowed to only a highly selected few for their significant and life long contributions to the Lasallian community and the community at large over the world, over the years. We are very proud that two of our most illustrious PPs were so honoured and they are the only recipients in Hong Kong. Befitting one of the original intentions of PP Dinners, a short presentation prepared by the current committee was shown at the end of the dinner to illustrate the works, plans and latest of the Association and valuable opinions were voiced by our seasoned leaders.

# Form 7 Interview Workshop

A workshop on interview skills for university admission was jointly organised by the OBA and the LSC Careers Guidance Team on 8 May 2010 (1:30 – 5:00 pm), soon after the form 7 students finished their HKAL exams. This is the fourth year we held this workshop whereby every student could choose to attend one or two mock interviews according to their choices of studies in JUPAS (Joint University Programmes Admissions System) application. We received overwhelming support from Old Boys, with 34 of them coming from different professional backgrounds to act as interviewers for the university faculties of architecture, business & finance, engineering, law, medicine and social sciences.

A few days before the workshop, a lecture on interview and communication skills was given to the students. So they all came to the workshop dressed up properly as if they were attending the real interviews. Two Old Boys worked together as a panel and we had a total of 27 group interview sessions conducted for about 100 students. Resembling the real interviews, each student did a self-introduction in turn and the group then discussed on a given topic among themselves. For example, the topic for business & finance faculty was “Is there a property bubble in Hong Kong? Should the government intervene?” and that for the medicine faculty was “Discuss mental illness in Hong Kong and how do you deal with stress and pressure”.

The Old Boys assessed the students in terms of appearance, attire, as well as speaking and interaction skills. At the end of the group discussion, each student was given evaluation of his performance and advice on how to perform better at the real interviews. We also helped them to fine-tune their self-introduction so as to impress the interviewers. Some students presented their resumes and asked for Old Boys’ advice while others stayed behind to seek further guidance in career planning and prospects.

It was certainly a good occasion for the Old Boys to offer direct face-to-face assistance to our student brothers. With very positive feedbacks from the School and the students, this has become an annual program and we will continue to need the

support of our many Old Boys. You are welcome to contact any of the undersigned if you are interested to help in this program for the coming year.

We would like to thank Ms. Cecilia Tang (Vice-Principal), Ms. Florence Chow (Career Mistress), Hesione Leung and the following Old Boys for their time and effort in making this program a success:

# South China Athletics Association Football Club visits La Salle College

The South China Athletics Association Football Club visited La Salle College on 18 May for a practice match with the school team and to try out the new 4G soccer field. The following is an excerpt from the Club's blog:

## 南華試用「喇沙書院」第四代人造草場為喇沙校隊加油

喇沙書院現時為本港唯一「第四代人造草場」之擁有者，今次南華專程前往作一課完整之操練，是由於較早前球員於日本曾於第四代人造草場上練習，感覺草地質素很理想，而香港球場匱乏，如第四代人造草效果理想，南華足球隊將向目前積極研究草地改良之南華會，及其他有關方面提供詳盡意見。

喇沙書院一向著重學生於體育興趣方面的培養，學校足球隊於學界成績斐然。其中C Grade奪得本年度學界足球比賽冠軍外，ABC Grade的總體成績，亦成為學界足球比賽之總冠軍。

南華是次到喇沙書院練波，除予校隊成員及同學們觀操機會，在操練後亦舉行頒獎禮，將足球隊於學界取得之獎項，由南華球員直接頒贈予同學手上，對他們的努力作出正面鼓勵。

南華目前擁有兩大衛星球隊：灣仔南華，以及香港大學足球隊。於南華的青訓計劃中，亦有空間與中學達成合作。

是次南華full team探訪喇沙書院，南華表示只是一個開始，望日後與喇沙書院達成更長遠之合作計劃，鼓勵學界重視足球運動，培養學生「德智體群美」之中的團體精神，透過個人技術鍛鍊及團體合作訓練，讓學生們更建康平衡地成長發展。

## LSCOPA 2010 SUMMER GOLF TOURNAMENT

A total of 34 Old Boys showed up for the event held on 28 May at the popular and easily accessible Faldo Course of Mission Hills Golf Club, and indeed more than half of the players chose to make their own way to the golf club.

We found ourselves being lucky with the weather again, as it was not as hot as we would expect and the few minutes of shower during the round did not affect us at all. The tournament was very closely contested and in fact the top 6 players were only separated by one single Stableford point (with two scoring 36 and four scoring 35 points) and the winners had to be decided by count-back.

The winners were as follows:

Champion	John Ribeiro (78)
Second	Frankie Lam (78)
Third	Michael Tang (76)
Best Score	Alvin Choi (97)
Best Front 9	Miguel Ozorio (78)
Best Back 9	Robert Cheng (77)
Longest Drive	Alvin Choi (97)
Nearest Pin	Joseph Lau (77)
	Dale Chan (75)
	Gilbert Lau (81)
	Alvin Choi (97)

During lunch, quite a few Old Boys asked me for the smart-looking souvenir golf shirts and back packs for the 15th anniversary golf tour to Malaysia, so make sure you do not miss these big events in the future.

I would like to thank Thomas Tung (77) for assisting me in organising this event. Needless to say, I have to thank all the participants for their kind support.

# ROUND TABLE DINNER WITH FORMER HKMA DEPUTY CHIEF EXECUTIVE

LSCOBA invited Mr. Y K Choi, former deputy chief executive of the Hong Kong Monetary Authority, to give a talk at the 2010 Round Table Dinner on Friday, 28 May. There were 6 tables of Old Boys and current students, amongst which was Mr. Choi's son Alvin (97). After the sumptuous Portuguese main course, Mr. Choi talked about the ups and downs of Hong Kong's economy since the early 1960s. He remembered all of them and was proud of the prudent measures taken to guard against the negative impact brought about by the numerous market crashes. He reiterated the importance of extending the breath and depth of Hong Kong's financial system in order to stay ahead of the competition from major Mainland cities. After discussing the various challenges and opportunities facing the Hong Kong banking sectors, Mr. Choi took several questions from the participants. The evening ended with the traditional singing of our school song and the group took the opportunity to pose for group photos.
